## SUMMARY

I graduated with a Bachelor's in Computer Science Engineering in 2023 and have 6 months of experience as a software developer. I have hands-on experience with React, Java, and SQL, and basic knowledge of Python. My professional experience has fueled my passion for enhancing my skills and applying them in real-world settings. I am eager to join a dynamic team where I can contribute, learn, and grow professionally

## EXPERIENCE

### Full Stack developer

July 2024- Dec 2024

#### MashupStack

- completed a full-stack development course using Java, gaining expertise in both front-end and back-end technologies

### Software Developer Trainee

Nov 2023- June 2024

#### Pivot Systems |

Module 14, Nila Building, Technopark Complex

- Working as a JS developer, Hybrid application development and 3D simulation designs

## PROJECT

### Taste it out Recipe

- Developed a recipe management system using React and Spring Boot with authentication and authorization, allowing users to create, edit, and view recipes securely.

### G-Medicine Shop

- A web application using React and Spring Boot to manage medicine inventory. Users can view medicine availability, while shop owners can add, edit, and remove medicines from the database.

### College Bus Tracking System

- As part of our minor project, our team developed an Android app for real-time tracking of college buses using location sharing. This project showcased our skills in mobile app development.

### Plant Leaf Disease Detection System

- The Plant Leaf Disease Detection System, Our team built with the VGG19 model, highlights AI's role in improving agriculture. This project reflects the team's expertise in deep learning for crop management.

## EDUCATION

### Bachelor of Science, Computer Science

St.Thomas Institute for Science  
and Technology  
Aug 2019 | Aug - 2023

## SKILLS

### Tools:

- Java • Python
- HTML5 • CSS
- JavaScript
- Bootstrap
- MySQL • React

## LANGUAGE

- English
- Malayalam
- Tamil

## REFERENCE

presented project paper at the national conference conducted by The Institution of Engineers India(IEI)
